2.

Cross out everything sugarbugs like.

Draw a circle around everything sugarbugs don't like.

6.

2. List five different things that you can do to keep your mouth healthy: answers may vary, here are some examples:

1. Brush, Floss, Eat healthy foods, Don't eat sweet foods,
2. Chew sugarless gum after meals, Drink water after meals,
3. Visit the dentist, Get sealants on your teeth, Use fluoride mouthwash,
4. Use an electric toothbrush, Brush twice a day, and many more.

3. List two reasons why you would like to have a healthy mouth for your whole life. answers may vary, here are some examples:

1. Keep teeth so you can chew good food, So your teeth don't hurt, Dental work is expensive,
2. So your breath doesn't stink, So you can live a healthy life, I like to smile, and many more.

4.

Maze: There are many right ways to finish the maze. The only goal is to get all of the sugarbugs. Like brushing for real, you need to clean all parts of all of your teeth.

7.

Answers may vary. Some possible answers may include living in someone's mouth who snacks all during the day, eats chewy, sticky, sweet snacks and drinks plenty of soda pop, someone who never goes to the dentist, someone who never brushes or flosses.

Answers may vary. Some possible answers may include living in someone's mouth who brushes after every meal and flosses every day, someone who eats healthy food like fresh vegetables, fruits, whole grain, cheese and meat, someone who never snacks during the day, or if they do snack, they clean their teeth afterwards, someone who goes to the dentist regularly.
