

Dental Advisory Group Meets Quarterly Noon-1:00 PM

Vision

All individuals in Humboldt County, with an emphasis on children and perinatal women, have access to oral health care and preventive education.

Mission

As a collaborative of community organizations and stakeholders, the Dental Advisory Group is committed to:

- Reducing the prevalence and severity of dental disease
- Supporting preventive oral health education through its community-based organizations
- Linking families with dental insurance and a dental home
- Promoting and developing dental resources
- Facilitating discussion on the dental issues impacting our community
